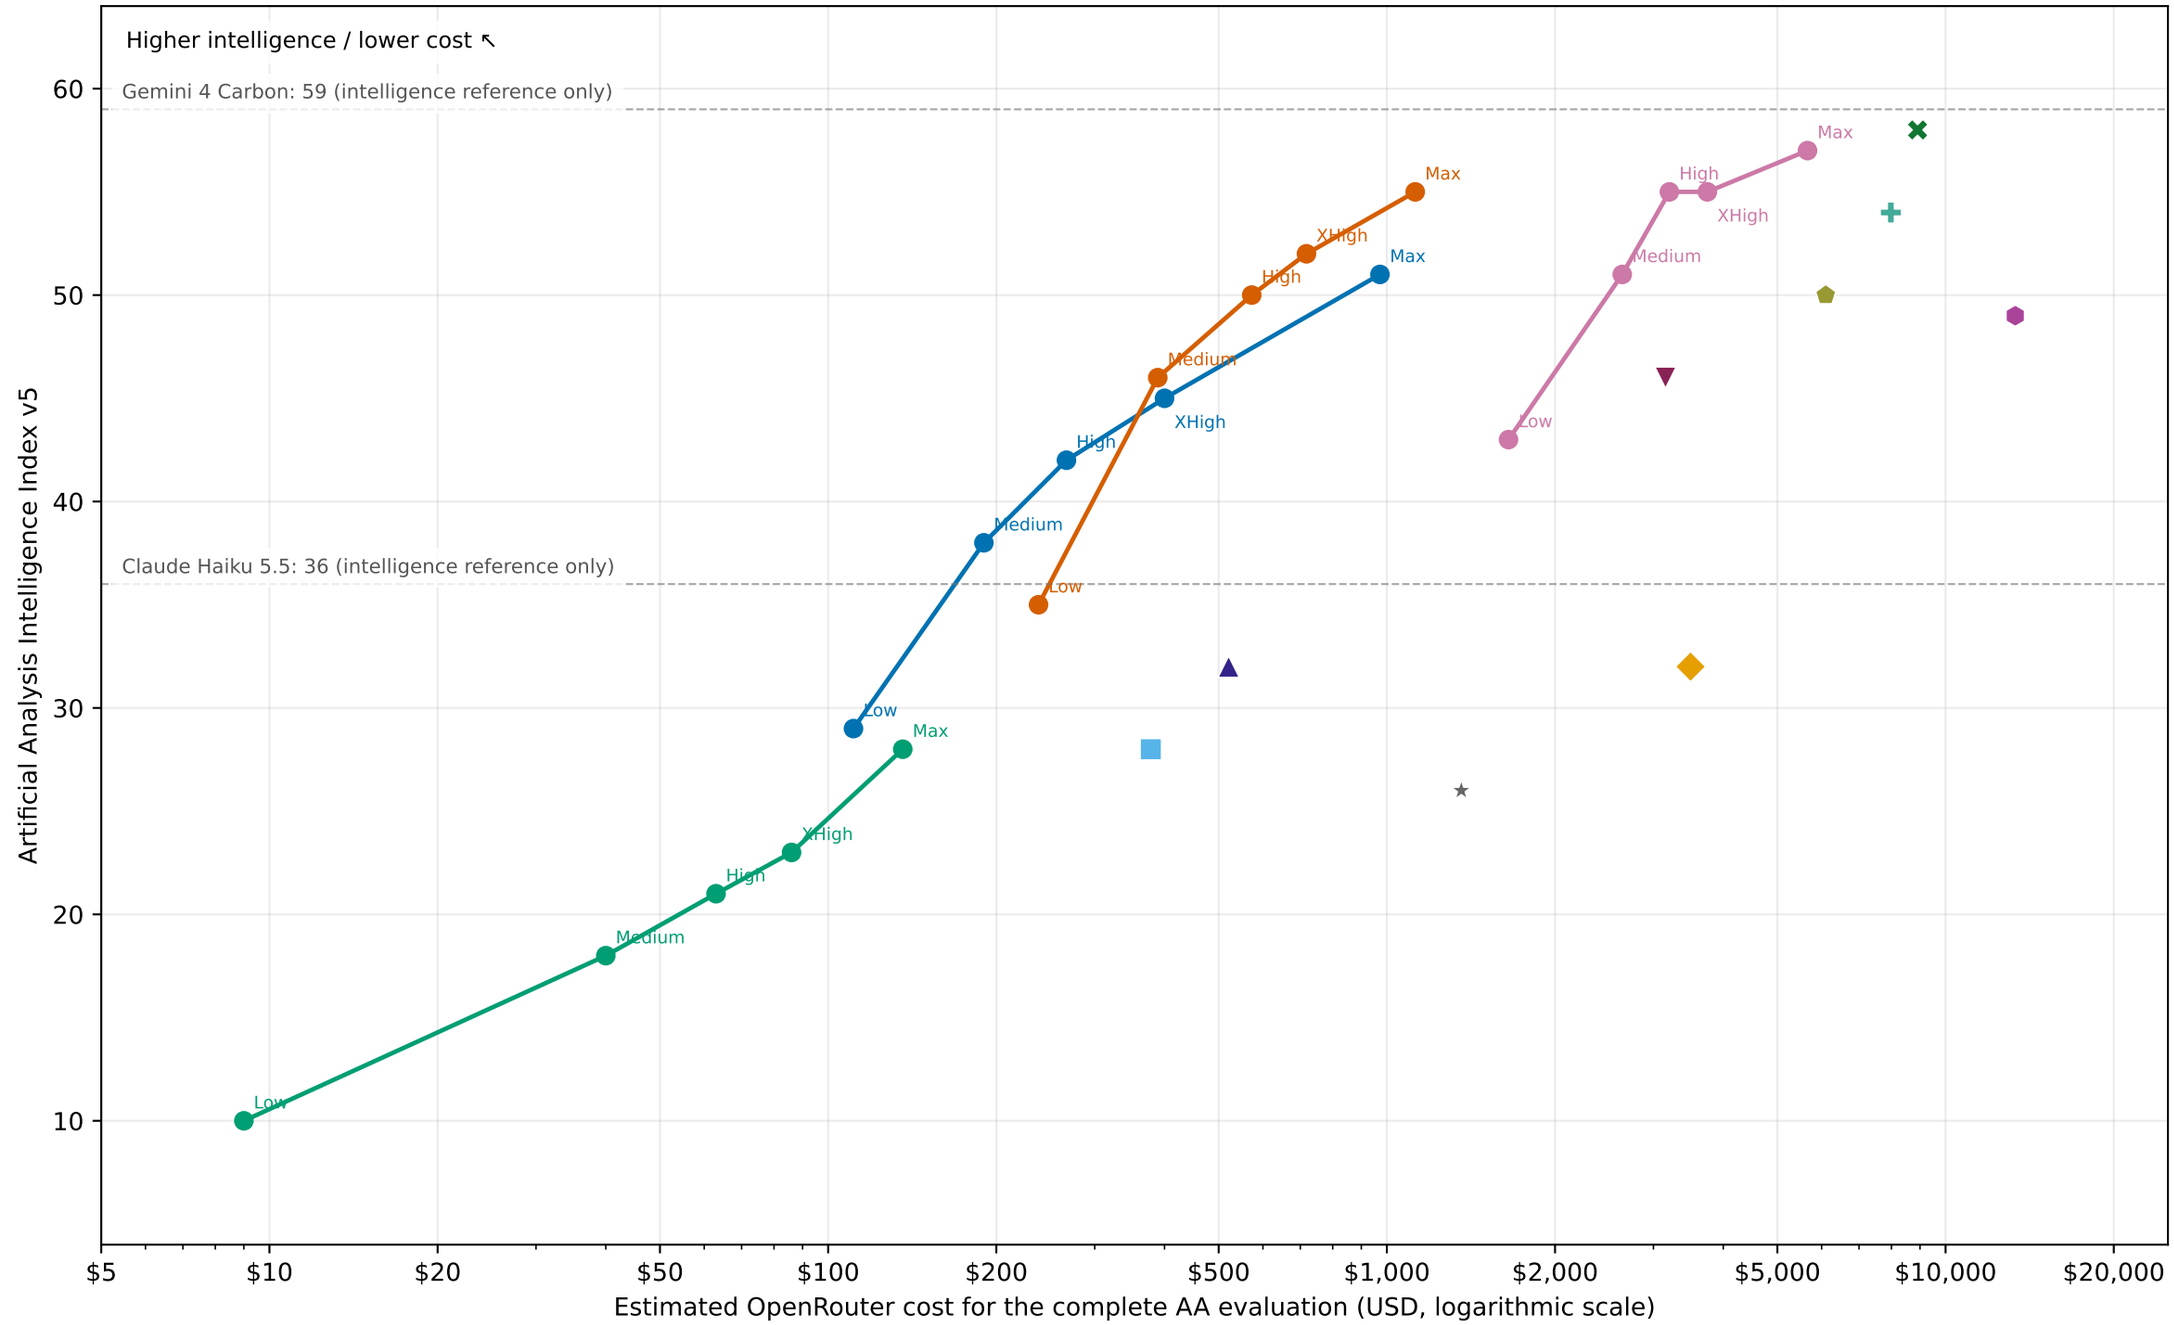
Eurobotics LLM Cost / Intelligence Map
AA Index v5 × selected non-promotional OpenRouter provider prices



Methodology v1.8: AA Intelligence Index v5 and AA measured total evaluation cost, repriced with the ratio of selected non-promotional OpenRouter and AA 7:2:1 blends (70% cache read / 20% input / 10% output). Cache-write and tiered prices limit accuracy; this is an estimate, not an invoice.
GPT effort labels are measured points. Rounded Astra High and XHigh scores are equal. Reference lines have no verified comparable OpenRouter cost. See methodology for omissions and pricing caveats.
Disclaimer: For informational use only; do not use for budgeting. Pricing and benchmark data change frequently. Verify prices and capability for your own requirements. Eurobotics.org provides this information without warranty.
